Gmail Automated Workflow (n8n)

Problem & Motivation

Receiving CVs or requests via email can be tedious.

Manual handling is error-prone and time-consuming.

Need for **automation** to save time and organize files efficiently.

Solution

- Automated workflow using **n8n**.
- Emails with attachments are processed automatically.
- Attachments are uploaded to **Google Drive**.
- Optional confirmation emails sent to sender.

Technologies Used

- **n8n** → workflow automation
- **Gmail** → receive emails
- **Google Drive** → store attachments
- **Gmail** → send confirmation emails
